Knowing the Child Form

Before your child begins nursery, we would like you to share some important information with your child's teacher in order to allow her to have a better understanding of your child before their first day of school. This will assist in your child's learning and development, during their precious time at Monroe's Nursery. This is NOT a test; your child will not be judged on his/her ability. We believe in working in partnership with parents, to better care for their child during their nursery journey.
